

IN-LINE SLIDING PATIO DOORS

For enjoying those great outside views

Achieves A+ rating requirements

Official Police Security Initiative

ENJOY UNHINDERED VIEWS OF THE GREAT OUTDOORS

Combining the undeniable strength and durability you would expect from any quality the VEKA UK Group In-line sliding patio doors allow maximum light into your home whilst bringing a sense of space.

The VEKA UK Group have pioneered the design and manufacture of window and door systems for over 30 years. With a continual investment in the profile systems it is now one of the most technically advanced on the market. A 10 year guarantee on all products, gives the added confidence that once fitted VEKA products will last for many years. Just a few of the many reasons VEKA is now one of the most specified uPVC systems in the world.

Why choose In-line sliding patio doors?

Versatile and easy to use

You can choose from two, three and four pane options and any opening combination - including multiple opening sashes. A one-piece stainless steel track ensures an easy gliding motion and low friction operation whilst triple chamber sashes ensure good thermal insulation.

Excellent weather performance

In addition to the sashes, the double brush seals on all four sides ensure excellent weather performance. completed with a unique quadruple seal interlock keeps the warmth in and the colder weather out.

Much more secure

A cutting edge multi-point locking system forms part of a fantastically secure door. A few simple upgrade options meet the Secured by Design standard, giving additional piece of mind.

Easy access options

Where required these can be installed with a low aluminium threshold, ideal for people with mobility difficulties.

Design

- Manufactured with a range of thresholds to meet Part M requirements.
- Available in your choice of bevelled or fully sculptured sashes.
- Slim stepped 70mm outerframe for minimal plaster cutback. Multi-chambered profile for greater thermal insulation
- Low-line gaskets extruded to sash frame for larger visible glass area and stainless steel easy glide track system.
- Double wool piling for improved draft proofing.

Glazing

- 28mm and double or triple glazing options are available.

Fittings

- We have a great range of hardware that will stand the test of time and properties. Available in white, bright chrome, satin chrome, bright bronze, graphite grey, gold, black and antique black, all supplied with a 10 year guarantee.

Colours

- VEKA offer a fantastic range of plain colours and woodgrains to offer individual solutions to suit all tastes.
- Foils can be applied to one side or two and different colours can even be specified for the inside and out.

COLOUR CHOICES

All VEKA profiles are available in 18 colour variations. Please note, colours shown below are for guidance only and should not be used as a direct colour match.

SECURED BY DESIGN EXPLAINED

Secured by Design was established in 1989 and is owned by the ACPO (Association of Chief Police Officers). It's now the police preferred standard focusing on crime prevention of homes and commercial premises.

In areas where the principles have been adopted crime has reduced by up to 75%.

ASSURE ENERGY RATINGS REGISTER EXPLAINED

For the Windows Energy Rating (WER) of our products we use the Assure Energy Ratings Register. This is a popular system designed to align with the "traffic light" system used in all domestic appliances.

A+ is the highest rating that can be achieved with in-line sliding patio doors.
